

Health, Safety, Security Environment Chart Service Providers

Service providers subcontracting to one of our entities must comply with all legal provisions relating to their activities. Our service providers must also be involved in improvement efforts aimed at:

- ✓ **Reduce the impact of their activities on the environment** and systematically carry out risk analysis in order to prevent the risks of pollution
- ✓ **Prevent the risks** of their interventions by complying with the prevention practices below:

10 Golden rules

Strictly enforced by all

- 1 Use appropriate and compliant tools. Wear your PPE (Personal Protective Equipment).
- 2 Verify that there is no live energy (mechanical, chemical, electrical, fluids under pressure, etc.) before starting work.
- 3 Clip on your harness when working at height.
- 4 Stay out of the path of moving vehicles, plant and equipment.
- 5 Only enter a trench if the appropriate wall supports are in place.
- 6 The atmosphere must be tested for safety before entering a confined space and monitored as you work.
- 7 Do not perform hot work until the fire or explosion risks have been eliminated.
- 8 Do not handle your phone or any other communication device when driving.
- 9 Do not drive under the influence of alcohol or drugs.
- 10 Do not walk or stand under a load.

EACH SERVICE PROVIDER IS COMMITTED TO:

- ✓ Analyze the risks before any intervention and implement the prevention and protection measures associated with the risk analysis;
- ✓ Train and inform its staff on the interventions associated hazards and the possible co-activity;
- ✓ Train and inform its staff on emergencies exits and means at the intervention site;
- ✓ Involve only qualified, competent, and authorized personnel and, on request, provide all associated evidence;
- ✓ Respect the cleanliness of the intervention site and the instructions for sorting waste;
- ✓ Comply with the authorization process for the intervention sites access;
- ✓ Use Collective and Personal Protective Equipment that are compliant and appropriate to their risks.
- ✓ Do not lend or borrow equipment without any loan agreement.
- ✓ Inform their client without delay of any incident, near miss, accident or HiPo.¹ and share their investigations
- ✓ Comply with all instructions and regulations in force in the intervention site.

We are involved in a prevention continuous improvement process. Therefore, any service provider acting on our behalf undertakes at our side to participate in the audit actions, prevention visit, or talk organized on the site of intervention. It promotes any improvement idea or suggestion related to the conditions of intervention with its teams and its customer.

Any deviation to these commitments may be punished by penalties as specified in the general purchase conditions and/or in the subcontract.

I acknowledge, as an authorized representative of the company identified below, that I have read this document and I undertake to intervene in accordance with the above Commitments.
